

BONUS

SCIENCE FOR A BETTER FUTURE OF THE BALTIC SEA REGION

BAMBI yearly meeting 2nd - 3rd September 2014, Archipelago Research Institute, Seili, Finland

Monday, 1st Sep.

17:00, 18:00, 19:50 Boat shuttle from Nauvo to Seili

21:00 Sauna, with evening meal and drinks, take your swimming garment with you!

Tuesday, 2nd Sep.

7:15-8:00 Breakfast

8:00-9:00 Welcome

Presentation of meeting, aims and program

Presentation of people (20 p x 2 min)

9:00-10:00 WP1 session

Pierre De Wit: Preliminary RAD results

Discussion: next step(s)

10:00-10:15 Coffee

10:15-12:00 WP1 session

Britta Meyer: Connectivity analysis and epigenomics/RAD in stickleback

Discussion: next step(s)

Discussion: sampling situation

12:00-13:00 Lunch

13:00-14:00 WP4 session

Linda Laikre, Eeva Jansson & Carina Lundmark: WP4 status, with preliminary results

Discussion: end user perspective

14:00-14:15 Coffee

14:15-15:30 WP6 Session

Eva Marie Rödström: BaltGene Wiki, presentation

Discussion: how to use and develop the BaltGene Wiki

Kerstin Johannesson: report from BONUS Riga meeting

Jonne Kotta: next meeting - date, August 2015, Estonia

15:45-16:30 Rick Pereira: Baltic epic tour
 17:00-18:00 Steering committee meeting
 19:00-21:00 *Meeting dinner buffet*
 21:00 - Sauna

Wednesday, 3rd Sep.

7:15-8:00 *Breakfast*

8:00-10:00 WP3 session

Luca Rugiu: Ongoing work with *Fucus* - Experimental design and measurements for genetic variance of tolerance

Melanie Heckwolf: Adaptation to climate change in stickleback - The relative role of transgenerational epigenetic effects

Discussion: genetic analyses from the experiments, further development of the agenda

10:00-10:15 *Coffee*

10:15-11:15 WP2 session

Jonne Kotta Holger Jänes & Helen Orav-Kotta: WP2 status - Generic overview of the activities of distribution modelling

Hanna Corell: "Satellite tracking of drifting *Fucus*"

Discussion: access to Swedish environmental and biotic data

11:15-12:00 New data of relevance for the Bambi project

Eva Rothäusler: Genetic variation in photosynthesis and desiccation tolerance in *Fucus vesiculosus*

12:00-13:00 *Lunch*

13:00-16:00 Sampling trip to *Fucus* habitat, with coffee

16:30-17:15 *Dinner*

17:15-18:15 Guided tour to the historic church

Thursday, 4th Sep.

7:15-8:00 *Breakfast*

10:00 Boat from Seili to Turku (arrives at 12:30)

10:15 - Boat shuttle to Nauvo, to Turku busses, as necessary

Welcome!
