SL

Dear all,

Yesterday we submitted the Bambi Report 2015 - thanks to everyone for your contributions. Now let's hope that Bonus will accept the report promptly.

BONUS BAMBI MEETING 2016

This year's BAMBI-meeting will take place from **August 31th to September 3rd** and is organized by GEOMAR. We will meet in Noer, a small village right by the Baltic Sea not very far from Kiel and stay at the Noer castle, see <http://www.freizeit-am-meer.de/schloss-noer.html> and <http://www.meertango.de/index.php?id=22&L=1> Britta and the rest of the team at GEOMAR will keep us updated and soon come back about travel and registration details.

NEW BAMBI PUBLICATION

Jormalainen, V., Gagnon, K., Sjöroos, J & Rothäusler, E. 2016. *The invasive mud crab enforces a major shift in a rocky littoral invertebrate community of the Baltic Sea*. Biological Invasions, DOI 10.1007/s10530-016-1090-9. [Here is the link: http://link.springer.com/article/10.1007/s10530-016-1090-9?wt_mc=internal.event.1.SEM.ArticleAuthorOnlineFirst](http://link.springer.com/article/10.1007/s10530-016-1090-9?wt_mc=internal.event.1.SEM.ArticleAuthorOnlineFirst)

I finally got my @gu.se-mail working, and you now reach me on Susanne.Liljenstrom@marine.gu.se.

Cheers,
Susanne
